

Seminole County

Classification Description

Classification Title: Mosquito Control Technician I (Seasonal)

Class Code: 75612

EEO Code: C

FLSA: Non-exempt

Revision Date: May 2010

General Statement of Job

Performs entry-level skilled work in the application of approved chemicals to control immature and adult mosquitoes. Work is performed under the general supervision of the Program Manager and is reviewed through inspection of records submitted and direct observation by the Program Manager and Team Leaders.

Essential Functions

Note: These are intended only as illustrations of the various types of work performed. The omission of specific duties does not exclude them from the position.

Stores, mixes and applies pesticides in strict accordance with state and federal regulations. Uses safety equipment provided.

Maintains a larval inspection/treatment route. Conducts nighttime mosquito control activities as requested by the Manager.

Maintains accurate daily records using GPS handheld computer and paper records. Reports frequently via 2-way radio. Work independently with minor supervision.

Conducts field inspections to detect the presence of mosquitoes. Learns to identify various mosquito species in both the adult and larval stages.

Maintains effective working relationships with other employees and the general public. Keeps abreast of advancements in the mosquito control field through self-study and professional training courses.

Performs basic calculations to determine the size of the area to be sprayed and the amount of pesticide to apply.

Performs other related duties as required.

Minimum Qualifications

High school diploma or G.E.D. and one (1) year experience in pesticide application, grounds maintenance, construction or a related outdoor occupation preferred.

Must be able to work evenings, weekends, holidays and a flexible schedule.

Special Requirements

Must possess and maintain a valid Florida Driver's License.

Ability to read and follow a map and directions.

Must be in good physical health; able to tolerate high heat and high humidity for extended periods of time.

Working Conditions

A combination of office and field work. Office duties would be performed while sitting, walking, standing, stooping or reaching with associated light lifting. Field duties would require outdoor exposure to weather use of a motor vehicle, walking climbing, lifting up to 50 lbs and exposure to typical construction site conditions. Machine noise, dust, exhaust fumes, confined space, trenches, working in and near water, uneven terrain and vehicular traffic.
